

Turnfurlong Infant School – Overview of Topics 2024/2025

Nursery	Our planning for teaching and learning is closely linked to our observations of the children’s interests, experiences and fascinations and continual assessment of the children’s development. With this in mind, we bring in new experiences and resources to extend children’s learning. This can take place ‘in the moment’ or may be extended over several sessions, enabling children to take the next step in their learning.
