

# Ourselves

Year 1 Science – Autumn 1

I need to remember.....	Subject Specific Vocabulary		
<ul style="list-style-type: none"> <li>• Humans are animals. We belong to the groups called mammals.</li> <li>• I can name the main parts of my body – shoulders, wrists, elbows, knees, ankles, toes, fingers.</li> <li>• Our eyes are for looking.</li> <li>• Our nose is for smelling.</li> <li>• Our ears are for listening.</li> <li>• Our mouth and tongue are for tasting.</li> <li>• Our hands/fingers are for touching and feeling.</li> <li>• These are the 5 senses.</li> </ul>		Sight	Eyes are used to identify shapes, colours and identify dangers.
		Smell	The nose can pick up over 1000 different smells everyday.
		Touch	Our fingertips have millions of nerve endings which tell us how an object feels.
		Taste	The tongue can pick up sweet, salty, sour or bitter flavours.
		Hear	Ears are very sensitive to sound and gather information about the world around us.
		Road safety	We use our senses to help us cross the road safely
<p><b>Investigate</b> Does the tallest person in your family have the biggest feet?</p> <p>The hearing dogs which support deaf people visited school</p> 	<p>These are our 5 senses</p>
